INTRODUCTION TO THE LLANDAFF SOCIETY

The Society was founded in 1977. Our area of interest is bounded by the River Taff to the north, the old Taff Vale Railway to Waungron Road, Pencisely Road, Penhill and Fields Park Road. The Society has three principal objectives:

- To stimulate public interest in the area
- To promote high standards of planning and architecture
- To secure the preservation, protection, development and improvement of features of historic or public interest.

Open meetings with speakers on matters of local and topical interest are held throughout each year, as well as practical projects, visits and an annual dinner. A Newsletter is published four times a year and circulated free to members.

For the Millennium, a comprehensive survey was undertaken of the built environment of Llandaff and its residents, culminating in the publication *'Llandaff 2000'*. The Society published in 1996 *'Archive Photographs of Llandaff'* many dating from the middle of the 19th century. Sixteen Occasional Papers have also been published on various subjects.

The Committee meet once a month and consider matters brought to their attention by members and applications related to planning matters within the area. There is contact with officials of the Local Authority, the Cathedral body, local schools, Institutions and National Assembly, if relevant.

The Annual General Meeting is held in October and annual subscriptions run from then. Current subscriptions are:
